

OUTAGAMIE COUNTY

SHORT-TERM REHABILITATION
AND LONG-TERM CARE COMMUNITY

June 6, 2022

Dear Villagers, Team Members, Family Members and Friends,

I am writing to inform you that we have had **2** team members that tested positive for Covid-19 on 6/5 and 6/6/22. That being said, we have had to quarantine those villagers that are “not up to date” with their Covid vaccine on Symphony, Harmony House. The villagers in quarantine will be out of quarantine on 6/15/22.

We wish a speedy recovery for our team members affected by Covid -19. Public Health has been updated and supports our efforts.

We will continue with outbreak testing, per CMS guidelines. You will be notified if there are any new identified cases in team members or villagers.

The safety and wellbeing of our villagers is our top priority. We will continue to be in communication with Public Health to ensure that steps are taken in an appropriate manner. We continue to follow CDC and CMS guidelines to help reduce the spread and impact of the Covid – 19 variants. Our current practices are:

- Screening villagers, team members and visitors for symptoms
- Testing team members and villagers for Covid-19 based on current protocols and community transmission rates
- Mandatory face masks for all team members and visitors
- Visits with villagers to be in their room or designated visitation room
- Proper hand hygiene
- Encouraging continued physical distancing

Thank you for your support in these efforts and your patience and understanding as we work together to promote the health and well-being of our villagers, team members, families and friends.

Best regards,

Cathy Knifke RN WCC
Nursing Director
